

## **THOMAS GUARINO TOWN BOARD**

I have been a Clarkson resident for 33 years and I love being a part of this great community. My wife Dawn and I have one daughter and three wonderful grandsons.

I served on the Clarkson Town Council from 2020 – 2023 and was re-appointed on May 13th after the passing of Councilperson, Evan Wexler.

I was honored to have been asked to complete the 4-year term, through 2027, of past Councilperson Evan Wexler. Previously, I served on the Zoning Board of Appeals from 2014 – 2017. I have enjoyed assisting the residents of our town in both capacities.

For the last 19 years, I have managed a franchise of a national home remodeling company in the Western New York area. Through those 19 years, we have continued to grow, and I am fortunate that I can provide well paying jobs to a team of 25 hardworking individuals. I follow the servant leadership principle. My role is to provide support, guidance, and a stable work environment. Every single day, the decisions I make are for the health of the business and the financial security for every member of the team. I will use my servant leadership skills and fiscally smart ideas to support and serve our community.
